

B. Conable, Jr., who became World Bank president after serving his community and our country with distinction as a Member of Congress for twenty years.

With his wife's help, Barber Conable made population control and safe motherhood, especially in Africa, a focus in World Bank plans and by 1991, 40% of the billions of dollars that was approved went to issues dealing with women's health and advancement. Also, a World Bank policy statement was influenced by her work, which states, "Countries that create better opportunities and conditions for women and girls can raise productivity, improve outcomes for children and advance development prospects for all."

Mrs. Conable was not only the author of "Women at Cornell: The Myth of Equal Education" but was a board member of the Women's Hall of Fame, Seneca Falls; a White House Conference on Aging; a trustee of Cornell University; was named a Woman of Distinction by the State Senate; and participated in United Nations International Women's Conferences in Denmark, Kenya and Houston.

The devotion that Mrs. Conable showed with her work on women's health and advancement was equaled by her love and devotion to her family as well. She is survived by her three daughters, Jane Schmieder, Anne, and Emily; and her son, Sam.

Mr. Speaker, I ask that you join me and Members of the House to express our deepest condolences to the family of the late Charlotte Conable, and join with me in recognizing the many good works of service she performed and the lives that she changed during her long and full life.

#### SENIORS' RESOURCE CENTER

### HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 22, 2013*

Mr. PERLMUTTER. Mr. Speaker, I rise today to recognize and applaud the Seniors' Resource Center (SRC) in Jefferson County, Colorado.

For three and a half decades, the Seniors' Resource Center spirit committed itself to the vibrancy of metro Denver by helping thousands of families realize many more years of quality life together at home in their communities. The agency's mission is simple. It provides a constellation of services to our older population, allowing them to remain in their own homes independently and with dignity.

SRC is consistently recognized for its leadership in providing unparalleled service to the elderly in our communities. Leading Age, an association of not-for-profit organizations dedicated to making America a better place to grow old, awarded SRC its National Outstanding Advocacy Award in 2011. Known for its innovative model of coordinated care, SRC offers adult day and respite services, transportation, volunteer services, in-home care and care management services. SRC is committed to refer any and all callers to the best possible place for care whether it is SRC or not.

The agency is fortunate to be led by President/CEO John Zabawa, who has navigated the agency for 32 years. I salute John, his staff, the Board of Directors and the many volunteers who make the center what it is today.

#### HEALTHY, HUNGER-FREE KIDS ACT

### HON. RODNEY DAVIS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 22, 2013*

Mr. RODNEY DAVIS of Illinois. Mr. Speaker, I rise today to highlight the problems created by the Healthy, Hunger-Free Kids Act.

We are trying to balance the needs of hungry children against fighting childhood obesity in America. Kids are not getting enough to eat when they also participate in athletic programs and physical education classes.

I am concerned that the food only requirements of this program are creating excessive waste and have put a financial burden on already cash strapped schools across the country. Many kids are rejecting these new menus and throwing their food away and going home hungry.

While we need to look at the nutritional content of school lunches, we must also not forget the importance of physical education classes. Illinois is currently the only State that requires students in kindergarten through high school to have PE every day. A combination of good nutrition and exercise is essential to the health of our children.

That is why I would like to take this time to recognize and wish my children's junior high teacher Joe Champley a Happy Birthday. Joe is my friend and has been a long time PE teacher in my home town at Taylorville Jr. High School. Happy Birthday Mr. Joe!

Mr. HIGGINS. Mr. Speaker, I rise today to recognize Hal D. Payne at the inaugural presentation of the award named in his honor, the Hal D. Payne Educational Opportunity Lifetime Service Award by the Upward Bound Program of Buffalo State College.

Mr. Payne is a true leader in the field of education. His professional expertise ranges from a thorough understanding of policy formation to its practical implementation. As Chief of Staff to U.S. Representative Louis Stokes of Ohio, and as senior associate for the Council for Opportunity in Education, Mr. Payne has directly affected the shape of our country's education policy.

At Oberlin College, a prestigious liberal arts institution, Mr. Payne spent many years navigating the effects of our country's education policy as dean of developmental services, and as acting dean, associate dean, and assistant dean of students. Mr. Payne also spent time at Case Western Reserve University as director of academic support services.

Mr. Payne has completed the Millennium Leadership Institute of the American Association of State Colleges and Universities and the Institute for Educational Management at Harvard University. Mr. Payne was appointed to

#### AUTHORITY FOR MANDATE DELAY ACT

SPEECH OF

### HON. GARY C. PETERS

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 17, 2013*

Mr. PETERS of Michigan. Mr. Speaker, today I would like to recognize that this is the first time Republicans have embraced that the Affordable Health Care Act is law and supported its implementation starting in 2014. By offering and supporting H.R. 2667, House Republicans are finally voting for the health care law mandates to be implemented a year from now.

For too long, Congress has been brought to a level of inaction that is unprecedented. The gridlock has frustrated me as well as the hard working men, women, small business owners and middle class families in my district in Michigan.

Instead of working toward solutions and fixing a broken health care system, House Republicans wasted time and resources voting 37 votes to repeal The Affordable Care Act wholesale. Without the health care law, families would continue to fear illness because getting sick could mean bankruptcy. Michigan's middle class can't afford to continue without changes to our health care system, and the Affordable Care Act goes a long way to solve these problems.

Today, every Republican who casts a vote to delay the employer and individual mandates is voting to get the implementation of the Affordable Care Act right and implement the law in full starting in December 2014.

The President has already granted businesses one more year to implement the health care law. Without offering Michigan families the same temporary, one-year extension without penalty, businesses lose the incentive to offer coverage one year from now because their employees have already purchased insurance in the interim. These mandates work best in tandem as they will in the coming years.

I look forward to working with Democrats and Republicans to improve the transition to more affordable health care coverage for Michigan families and businesses when the law is fully implemented.

The Affordable Care Act will help lower health care costs for women, ensure coverage for children with pre-existing conditions, and curb the overall cost of health care.

That is why I voted for the Affordable Care Act, and that's why I am voting today to get this law implemented fairly and in a way that
